

**COULD  
YOU**

***SURVIVE***

**A 15% PAY CUT**

WE THOUGHT YOU SHOULD KNOW:

The management at CBS 6 is trying to cut wages by up to 15% for many of their behind the scenes employees. In addition they are seeking to convert full timers to part timers and take away their benefits.

This is coming from a company that is making very healthy profits. We, the members of NABET-CWA LOCAL 21, want to let you, the public, know what CBS 6 and their absentee owners from California are doing in your community.
